Source: U.S. Census Bureau, Census 2000 Redistricting Data (Public Law 94-171) Summary File, Matrices

NOTE: The question on race for Census 2000 was different from the one for the 1990 Census, in several ways. Most significantly, respondents were given the option of selecting one or more race categories to indicate their racial identities. Because of these changes, the 2000 data and 1990 data segmented by race are not directly comparable.

Source: Center for Business & Economic Research - University of Tennessee at Knoxville and U.S. Census 2000.

\* Minority Population is calculated by subtracting the "White alone, not Hispanic" population from Total Population.

\*\* Census Designated Place -- a statistical entity comprising a concentration of population that is not within an incorporated place, but is locally identified by a name. CDPs are delineated cooperatively by state and local officials and the Census Bureau.
